Nau mai, haere mai and welcome to Term 4. The end of the year is finally here, what an exciting 3 terms it has been already. We have some cool science activities planned for this term as well as Athletics, our Year 6 Noho and finally our Year 6 Leavers Celebration evening. The kaiako in Ngahere are really pumped to finish our school year with some fun memories and engaging learning. If there are any questions please feel free to contact any of our staff.

WHAT'S HAPPENING THIS TERM

Year 6 Noho

This year our Year 6 have the privilege of having their noho marae at Takapūwahia for the first time.

We are very excited to take our kids down to learn about the history of Ngati Toa Rangatira.

This term we will be doing a big push on our Korero Tuakiri and mihimihi. Making connections and taking part are huge highlight for our tamariki.

We have heaps of fun activities planned for our tamariki and can't wait.

Athletics

We're having our whole school athletics next term. We are hoping for summer to be in full swing so our Tamariki can get out and participate in all the events. This will be held on the 27th October.

Those who have success in our school athletics will head off to the inter-school event where they will represent our Kura.

We will be practising our skills for the events during the weeks leading up to athletics so please make sure your child has proper footwear and a pōtae.

Year 6 Leavers

It's going to be a pretty big term for our year 6's as it will be their last term at Kura. We have lots of cool things to make sure that their last term is super memorable.

We will have our leavers book that will also be available to order.

Our final Year 6 leaver celebration assembly will be on the 12 December at 6pm. Tickets will be made available later in the term. If you have not yet enrolled your Year 6 into an intermediate please start this process

Science

This term Ngahere is looking to add some Science into our learning.

Classrooms will have lessons learning about **Physics, Chemistry, Matter and Electrical activity**. Once our students cover an area with one teacher they will rotate to another classroom and learn something new.

This will carry on for majority of the term and we are hoping to unearth some young budding scientists.

Term 4 - Hats/Pōtae

Just like Term 1, Term 4 is a strictly hat term. This means that our tamariki will need a hat/pōtae **every** day.

Please apply sunscreen before school if possible. We have sunscreen at school but encourage the kids to come to school prepared.

Make sure your child brings a hat to school every day. If it is helpful they can always leave their hat in their tote tray.

Our school rule is - No hat No play!

Seesaw

During the term your child will share posts about what they are doing in class, in a range of curriculum areas.

We will also be trialling a new way of reporting along with our usual general comment. We will post fortnightly real time evidence of what is going on within our classes.

A levelled report will be posted on Seesaw for each child at the end of Term 4. This will show your child's levels in Reading, Writing and Maths, as well as a general comment from their teacher.
